

Procurement Policy

Section 1 - Purpose

(1) The purpose of this Policy is to set out the framework that governs how goods and services including infrastructure are purchased for the University of Canberra (University) and how the resultant contracts are managed to achieve ongoing value for money to the University.

(2) This Policy, together with the [Finance Governance Policy](#), [Investment Policy](#), [Treasury Policy](#), and the suite of procedures made under these policies, form part of the University's Procurement Framework. The Framework has been developed to:

- a. assist the University to meet its financial management obligations;
- b. ensure that University funds and resources are used only for University purposes;
- c. ensure that appropriate financial controls are developed, documented and applied to prevent the abuse or misuse of University funds and other resources;
- d. ensure that the University's procurement processes are undertaken with a high level of accountability, transparency and probity; and
- e. maintain ethical and fair treatment for all potential suppliers.

Section 2 - Scope

(3) This Policy applies to all University staff, members of Council and Council Committees, controlled entities, affiliates and volunteers.

Section 3 - Principles

Effective governance

(4) All procurement activities must be undertaken in accordance with:

- a. 'Connected ' the University's [Connected Decadal Strategy 2023-2032](#)
- b. the University's [Charter of Conduct and Values](#);
- c. the [Finance Governance Policy](#); and
- d. all other policies and procedures in the University's Procurement Framework.

(5) The University will:

- a. establish accessible, pragmatic, and user-friendly procurement processes that align with the nature, value, and risk of each procurement; and
- b. use the University's mandated and pre-qualified suppliers when appropriate.

Value for money

(6) All procurement activities will be undertaken in a manner that seeks value for money taking into consideration factors such as fitness for purpose, total cost of ownership, and risk assessment.

(7) The University will implement robust contract management processes that foster positive relationships with suppliers, ensuring ongoing value.

Accountability

(8) Procurement activities and processes will be undertaken in a manner that:

- a. promotes efficiency, effectiveness and sustainability in procurement and contract management activities; and
- b. employs accountability, ethics, transparency, and probity.

Section 4 - Responsibilities
