

Variation of Course Requirements Procedure

Section 1 - Purpose

(1) This document sets out conditions under which approval may be granted to an individual student to modify the course requirements specified in the Course Assurance Summary (CAS) for the course the student is enrolled in, and have the modified requirements count towards completion of the student's course.

Section 2 - Scope

(2) This document includes the procedures for variation of course requirements (VCR) and applies to all University of Canberra (University) courses.

Section 3 - Policy

(3) Refer to [Variation of Course Requirements Policy](#).

Section 4 - Procedure

(4) A student must request a VCR on the appropriate form, except in the case where credit (including cross-institutional study and exchange programs) is the basis for the variation. In this case the variation is handled as part of the credit procedures.

(5) The Dean has the authority with the Faculty to determine the outcome of VCR applications which comply with [Variation of Course Requirements Policy](#), except where VCRs are requested for extension of the maximum period of time to complete the academic requirements of the course. The Dean may delegate this power to another member of academic staff.

(6) The Faculty Board has the authority to approve a recommendation for a VCR to extend the maximum period of time within which all the academic requirements for a course must be successfully completed.

(7) A student may appeal against a VCR decision under the [Student Grievance Resolution Policy](#). The decision cannot be challenged on the grounds of academic judgement. An appeal will only be on the grounds that University procedures for authorising a VCR have not been correctly applied.
